

TIRED OF WAITING FOREVER FOR YOUR PROGRAMS TO LOAD?

Introducing The Fast Load Cartridge™ For Your Commodore 64™

You're tired of waiting three minutes for your programs to load. But it's no use glaring at your disk drive.

Calling it names won't help, either. It was born slow—a lumbering hippo. You need the *Fast Load Cartridge* from EPYX. *Fast Load* transforms your Commodore 64

disk drive from a lumbering hippo into a leaping gazelle. With *Fast Load*, programs that once took minutes to load are booted up in a matter of seconds.

Fast Load plugs into the cartridge port of your Commodore 64 and goes to work automatically. Unlike other products, the *Fast Load Cartridge* even works with protected disks.
